## Simply Country Retreats was built with you in mind.

We are a unique meeting place tucked into a quiet town and designed specifically for small group retreats, business meetings, craft workdays and so much more.

### Who comes here?

**Quilters.** It is the perfect place to finish those long-overdue projects; all you need to bring is your sewing machine, fabrics and your favorite people.

**Teams.** Stay here while you compete in tournaments in Spokane, Cheney or one of the small towns in our area.

**Group Meetings.** School Boards, Church Committees and ASBs will find our com-

fortable surroundings the perfect place to brainstorm about where they are today - and hope to be in the future.

**Parties.** Wedding showers, bachelorettes and graduation gatherings will find enough room for their guests to spread throughout the house and into the private garden. (Not to mention that we have ten beds if you have an overflow in your home.)

**Scrapbookers.** Crop all night long in our large classroom setting with excellent lighting and enough tables for you to spread out your supplies.

**YOU!** Whatever your reason, we will help make our space work for you. Whether you're a couple of friends getting away for a night or a large scrapbooking retreat, we know you'll find all you need here.

### What we offer:

**Large workroom** with 10 five-foot tables, each with adjustable office chairs, reading lamps and outlets. Also ironing boards, irons, and raised cutting tables.

**Country kitchen and eating area** with stove, microwave, refrigerator, dishwasher, coffee-maker, and other small appliances.

**Upstairs sleeping quarters** to relive your slumber party days. Ten single beds, each complete with linens, a colorful quilt and set of towels.

**At Simply Country Retreats, our goal is for you to relax, enjoy and have fun!**
